

Expert and experienced canoeists will appreciate the Jack's Special highly rockered, narrow at the beam, round bottomed hull. This model is a highly responsive solo canoe that can be paddled by 2 persons. Its' wide waterline beam gives it great load capacity for tripping. Maximum tumblehome allows the paddler to "tuck in at the side" and paddle in the 'Omer style' leaned position with ease.

The Jack's Special fine entry lines and round bottom makes for a very fast canoe. With little effort this model leaves other canoes in its' wake.

15' Jack's Special

- Length : 15'
- Beam 31 1/2"
- Bow height 23"
- Depth 12 3/4"
- Rocker 2"
